

EDMOND SANTA FE HIGH SCHOOL ROBOTICS TEAM

THE ROBOLOBOS PRESENT:

Deep Space Terraformers

A LEGO MINDSTORM NXT ROBOTICS SUMMER CAMP

WHAT IS IT: A 5 day adventure in programming and building robots.

After learning the basics on how to build and program LEGO robots, students will be challenged in a deep space adventure to accomplish a set of tasks with their robot to transform their planet into a liveable location. Deep Space Terraforming teams of two will complete 10 missions which will include: planting a flag, rescuing a moon buggy, analyzing fumaroles, and many more.

WHO CAN ATTEND: Both graduating 4th & 5th graders

WHERE: Edmond Santa Fe High School

WHEN: June 6-10, 2016 9:00 am – 3:00pm

Bring sack lunch

[afternoon healthy snack will be provided]

COST: \$200 for 1 week of fun & learning
